Commercial Building Checklist *

- ☐ SITE PLAN (THREE COPIES/ONE ELECTRONIC) - This is a layout of the subject property on which construction will take place. Shows placement of building on lot, distances from property lines, other buildings, etc.
- ☐ CONSTRUCTION DRAWINGS (THREE COPIES/ONE ELECTRONIC) - This is the actual set of construction drawings (if the structure is an engineered design, it must use easily discernable engineering practices or documents will be returned and engineering will be required.) (documents must be stamped by an architect or engineer). Includes floor plan, elevations, building components including sizes and material, dimensions, room identification, height, etc.
- ☐ FOUNDATION DRAWINGS (THREE COPIES/ONE ELECTRONIC) - The base of your structure and how will the building be attached to it. Includes width and depth of footings, rebar, means of attachment and spacing, fill and vapor barrier.
- ☐ WINDOW AND DOOR SCHEDULES (THREE COPIES/ONE ELECTRONIC) - Location of windows and doors. Include sizes, fixed or openable, and tempered (if applicable).
- ☐ EROSION AND SEDIMENT (THREE COPIES/ONE ELECTRONIC) - Site plan with erosion and sediment control. Includes erosion/sediment material and location on property.
- ☐ SEWER & WATER (THREE COPIES/ONE ELECTRONIC) - Sewer and water lay out . Includes meter size, placement of lines on property and tie ins to public or private infrastructure and dhh submittal (if applicable).
- ☐ DRIVEWAY/PARKING (THREE COPIES/ONE ELECTRONIC) - Location and size of driveway. Includes culvert specs, parking lot layout and erosion control.
- ☐ DRAINAGE ANALYSIS (THREE COPIES/ONE ELECTRONIC) - 25 year and/or 100 year drainage study. Includes comprehensive drainage study for property and elevation certificate.
- ☐ BFE (THREE COPIES/ONE ELECTRONIC) - Base flood elevation. Includes a flood determination letter provided by the city for your development.

"Where Life is Sweeter"

mayor@youngsvillela.gov

ABOUT YOUNGSSVILLE

With a population of more than 18,000, Youngsville, LA sits just ten miles south of the City of Lafayette in Lafayette Parish. With ease of access to Highway 90, which connects directly to Interstate 49, Youngsville businesses find it convenient for transportation and warehousing services. In 2011, this bedroom community was named by Yahoo! as the Best Place to Live in Louisiana and again in 2021 as the Best Suburb in Louisiana.

HISTORY

In 1983, the village of Youngsville was declared a town; and it was Louisiana's fastest growing town between 1990 and 2005, when Youngsville was proclaimed a city. Since then, Youngsville remains the one of the fastest growing municipalities in the state. Set among tall-growing sugarcane and soybean fields that provided work for local farmers, Youngsville homes are within a rural city that allows residents to enjoy a small town atmosphere with big city amenities nearby. Youngsville today still reflects its history in its people, culture, traditions, and architecture.

RETAIL

170% RETAIL GROWTH

Retail sales hit an all-time high in 2023 at more than \$466 million. 2024 is on track to exceed that value. In the past decade, (2013-2023), retail sales have grown more than \$281 million, a 153% increase. With an ever growing population, Youngsville continues to recruit new businesses, as well as foster an environment where start-ups and boutique businesses can flourish.

CONSTRUCTION

PERMITS UP BY 65%

Commercial building permits in the City of Youngsville are up 65% since 2018. The increase in commercial permits also corresponds with the increase in residential permits. There are more than 2,500 homes in various stages of development and 1,200 homes currently under construction, adding more premier housing options for residents.

RECREATION

YEAR-ROUND SPORT EVENTS

Over 750,000 visitors come to Youngsville each year to enjoy outdoor and indoor recreation and events at the 70-acre Youngsville Sports Complex and Recreation Center. The sports complex has hosted major tournaments like the PONY Mustang World Series—, bringing in visitors from the Philippines, Mexico, Aruba, Dominican, Indonesia, and all over the U.S. Since most tournament participants come from outside of the nine-parish Acadiana region, these events have a major impact on the local economy. This drives more spending on food, lodging, gas, entertainment and shopping.

Top Rated Education

Youngsville offers highly rated schools within the Lafayette Parish School District. In 2019, Ernest Gallet Elementary School, along with Green T. Lindon Elementary received an A grade rating for school performance. Both local high schools, O. Comeaux High School and Southside High School received a B grade rating. More options, such as Acadiana Renaissance Charter and Ascension Episcopal High School are also located in the area. These top tier schools draw in young couples who seek to raise their families in a thriving community with elite education options. In addition to primary schools, Youngsville is less than 10 miles away from the second largest college in Louisiana, University of Louisiana at Lafayette, home to nearly 20,000 students.

What's New?

YOUNGSVILLE BEAUTIFICATION STREETSCAPE PROJECT

In January 2021, Mayor Ken Ritter, proposed a beautification streetscape project to the City Council for consideration. The project will focus on efforts to beautify the heart of the city as part of an upcoming sewer force main upgrade in the same area. The project will refresh the Lafayette Street area and the Church Street area between 2nd & 5th Street.

The goals of the project are to:

- Modify Lafayette Street by increasing the travel lane by 12-18 inches. (Remove 4 parallel parking spots to achieve wider travel lanes.)
- Add improved street lighting
- Extend the best components of the existing Lafayette Street streetscape and continue those positive elements on Church Street between 2nd and 5th Streets without decreasing travel lane width or reducing parking spots.
